How to Assign Students to Modules in Canvas

1. In "Modules," select the three dots
2. Click "Assign to..."
3. Select "Assign to..."
4. Click in the search box and select student names to grant access to the module

The screenshot illustrates the process of assigning students to a module in Canvas. It shows the 'Module 1' interface with a 'Drop files here to add to module or choose files' area. A dropdown menu is open, showing options like 'Edit', 'Move Contents...', 'Move Module...', 'Assign To...', 'Delete', 'Duplicate', 'Send To...', 'Copy To...', 'Share to Commons', 'TopHat LTI 1.3', 'Commons Favorites', 'McGraw Hill Connect/GO', and 'McGraw Hill SIMnet LTIA'. The 'Assign To...' option is highlighted with a red box and number 2. The 'Settings' sidebar is visible on the right, with the 'Assign To' tab selected. The 'Assign To' section shows 'Everyone' as the default visibility, and the 'Assign To' option is selected. The 'Students' section is expanded, showing a search box and a list of students. The search box is highlighted with a red box and number 4.
