Qualtrics: Creating a Survey

Samantha Starr - 2024-05-17 - Qualtrics

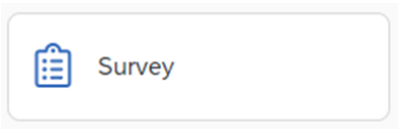

Creating a Qualtrics Survey

1. Navigate to **fau.qualtrics.com**

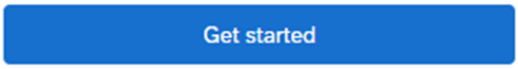

2. Select **Create New Project**

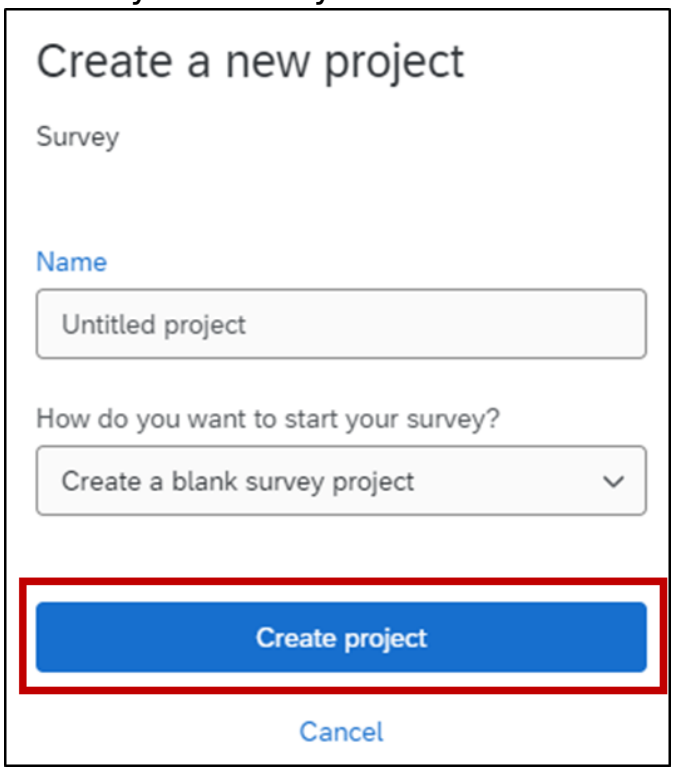

3. Select **Survey**

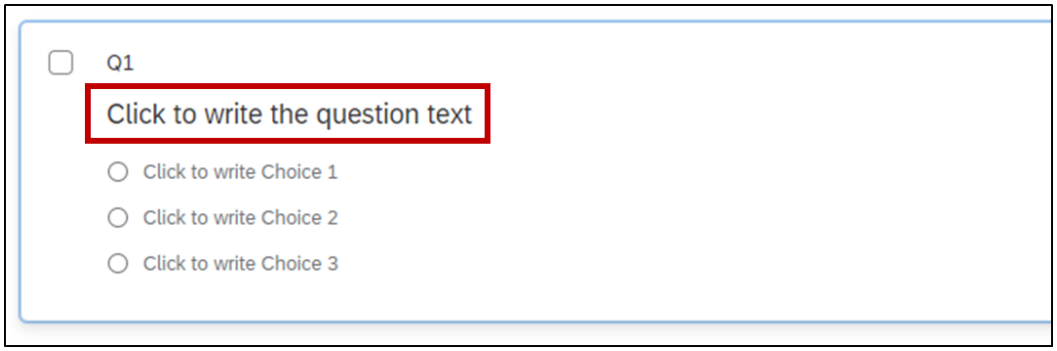

4. Select **Get Started**

5. Title your Survey then select **Create Project**

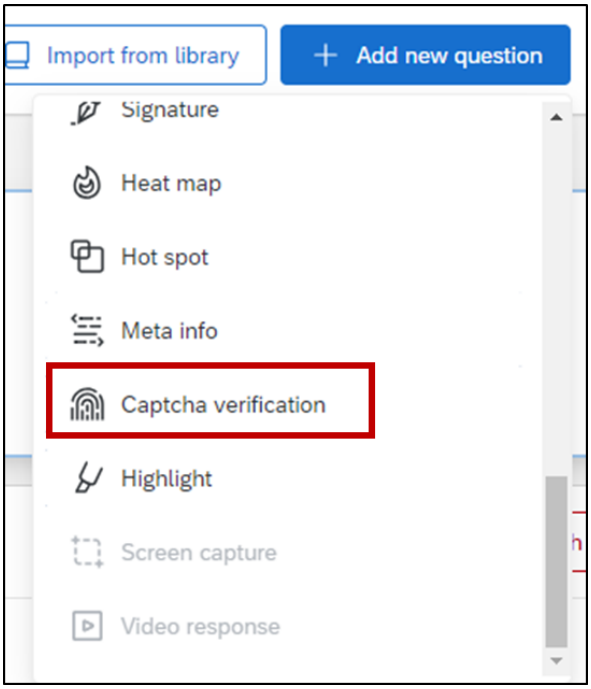

6. Type your question by clicking inside the question box

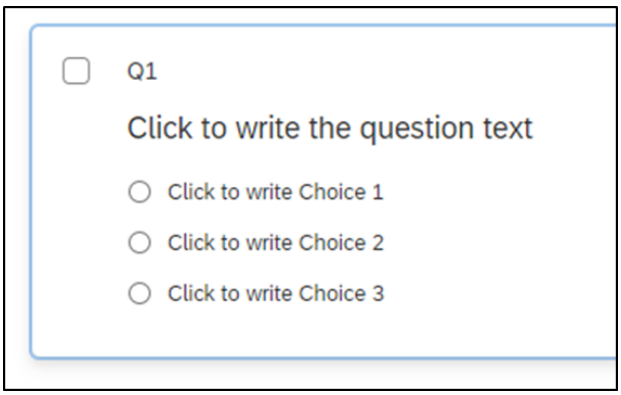

7. Choose **Add a New Question** and select a question type

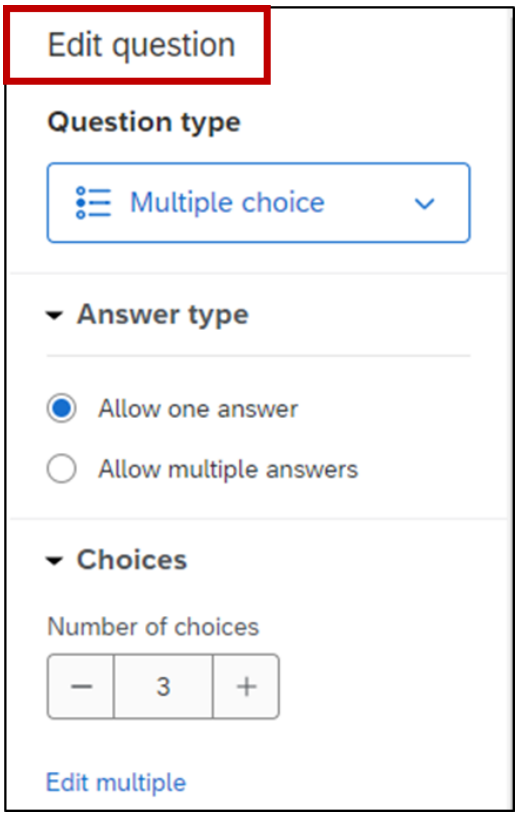

Tip: Add a Captcha Verification question to add security to your survey

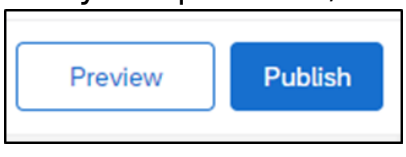

7.1 Edit Question Types by selecting question box

7.2 Locate the left column to edit question including Question Type, Answer Type, Choices, and Format

8. Once you have added all your questions, select **Publish**, then **Preview** your Survey

Tip: If you preview your survey, your response(s) will be saved in the results.
