Create a New Apple ID Using a Computer

To create your new Apple ID using your PC, follow these steps:

1. Go to <https://appleid.apple.com>
2. Click on **Create Your Apple ID** on the upper-right part of your computer's screen.

3. Input your **name and birthday**.

One Apple ID is all you need to access all Apple services.

A screenshot of the 'Create Your Apple ID' form. It contains several input fields. The 'First name' and 'Last name' fields are grouped together and highlighted with a red rectangular box. Below them is a 'COUNTRY / REGION' dropdown menu with 'United States' selected. At the bottom, the 'Birthday' field is highlighted with a red rectangular box. A small blue question mark icon is visible to the right of the 'Birthday' field.

4. On the Create Your Apple ID Page, **enter your @health.fau.edu email address for FAU issued devices**. This will be used as your Apple ID.

COUNTRY / REGION

United States

This will be your new Apple ID.

5. Enter and confirm your **password**. Passwords should be at least eight characters, have at least one number, and have a lowercase and an uppercase letter.

This will be your new Apple ID.

6. Follow the prompts to complete the initial creation.
7. **IMPORTANT:** Apple will send a **confirmation email** containing a code to your registered email address.

Dear Leomar Umpad,

You have selected [redacted]@gmail.com as your new verification page:

322144

This code will expire three hours after this email was sent.

Why you received this email.

Apple requires verification whenever an email address is used to create a new Apple ID.

If you did not make this request, you can ignore this email.

8. **Enter the confirmation code** on the verification page

Verify your email address to create your new Apple ID.

An email with a verification code has been sent to [redacted]@gmail.com. Enter the code here:

3	2	2	1	4	4
---	---	---	---	---	---
