OwlMed: How to Grade an Exam for Faculty (short answer)

Christine Clevenger - 2025-06-19 - [*M1 Student Materials*](#)

Faculty Guide to Grading Narrative Exam Questions in OwlMed

1. Visit OwlMed.fau.edu
2. Navigate to the **Course**
3. Navigate to **Assessments --> Exams --> Grade Exams**

4. The screenshot shows the OwlMed interface for the course 'Foundations of Medicine 1 (FOM1)'. The top navigation bar includes the course name and a 'Close' button. Below this is a green header with 'Section: BMS 6015 - Foundations of Medicine 1 (COM 2023/2024)' and a 'Materials' button. A sidebar menu on the left lists various options: Info, Details, Discussions, Announcements, Manage Materials, Mapping, Assessments (expanded), Gradebook, Exams (highlighted), Grade Exams (highlighted), Student Assignments, Events, and Settings. The main content area features the FAU logo and the text 'SCHMIDT COLLEGE OF MEDICINE Florida Atlantic University'. Below the logo, the course title 'Foundations of Medicine 1 (FOM1)' is displayed. The 'Course Description' states: 'The Foundations of Medicine (FOM) course provides students with an understanding of the fundamental principles necessary to become a competent, compassionate and professional physician with opportunities for direct patient care. FOM is divided into four courses: FOM 1, 2, 3 and 4, which will run throughout the first two years of medical school. This separation is designed to provide a summative assessment to students at the end of each FOM course.' The 'Course Goals' are listed as: 'The goals of the FOM 1 course are to assist students in developing the knowledge, skills, attitudes and behaviors that are needed to: 1) interview and examine patients; 2) answer clinical questions; 3) understand the importance of patient advocacy and disease prevention; 4) explore the barriers to healthcare and instill the foundation for the ethical and legal framework of patient care; and 5) integrate the knowledge of basic science, clinical skills and the science of clinical practice components. The course also introduces the skills needed to provide care to specific vulnerable populations and learn the basic tenets of working in interprofessional teams.'

5. Select the **exam** name that you will be grading.
6. Select the **student name** to grade the student's responses
