## iClicker: Attendance Instructions for Instructors

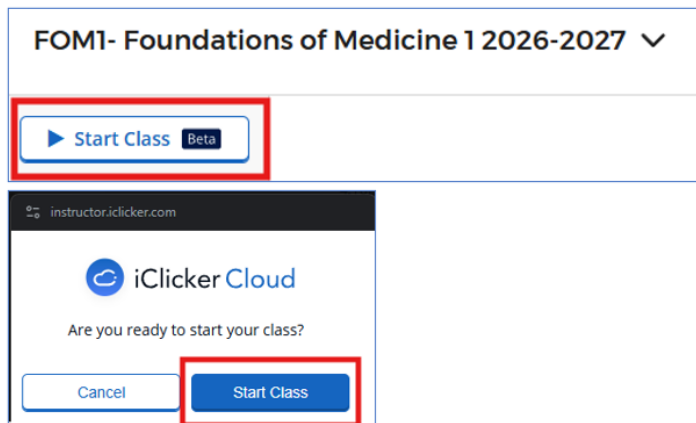

Samantha Starr - 2026-06-10 - [Classroom/Conference Room Technology](#)

### How to Take iClicker Attendance for Instructors

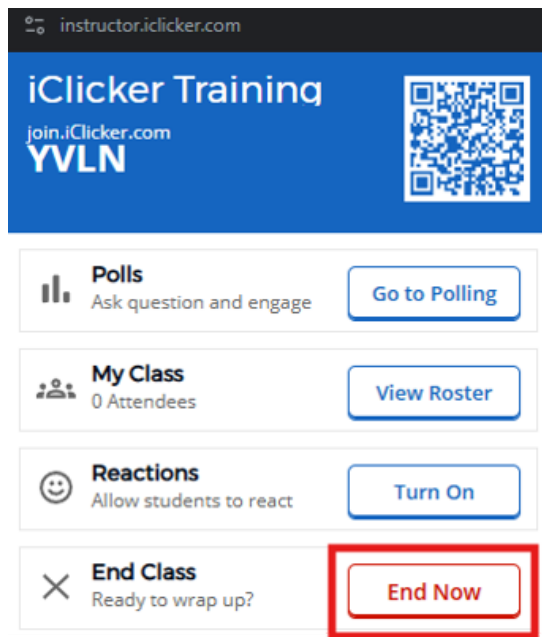

*For student attendance requiring location-based check-in, please submit a ticket [here](#) to COM Ed Tech to update the necessary location settings in iClicker.*

#### From a browser: (recommended when using your own laptop)

1. Login to <https://instructor.iclicker.com/>
2. Select your course
3. Select "Start Class"

- a. iClicker session is now open for students to join (automatically logs their attendance)
  - b. No additional instructor action required for attendance
4. Proceed with Polling session (if applicable to your lecture)
  5. End class by clicking "End now"

## From iClicker Desktop App: (recommended for classroom PCs)

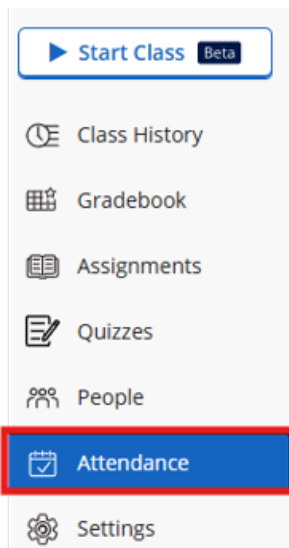

1. Click the iClicker desktop app and login
2. Locate your course
3. Select "Start Class"
  - a. iClicker session is now open for students to join (automatically logs their attendance)
  - b. No additional instructor action required for attendance
4. Proceed with Polling session (if applicable to your lecture)
5. End class by clicking the red "End" then "End Class"

---

## How to Check Attendance after iClicker Session

1. From the iClicker website (<https://instructor.iclicker.com/>), select "Attendance"

2. Viewing options:

- a. View attendance for specific dates by locating the column (select to see an overview of attendance)
- b. Click on a student's name to view course attendance activity (timestamp)
- c. Make changes to attendance log
