OME Staff: Unlock Lost Focus Exam

Christine Clevenger - 2025-09-12 - [OwlMed and Canvas](#)

Manage Exams: Enable Lost Focus Security

The **Lost Focus Security** feature will lock Students out of an Exam if they attempt to leave the Exam window to access other resources, websites, or software on their computer.

- Students will not be able to leave or tab out of the Exam while this feature is turned on.
- If a Student gets locked out of the Exam, the Exam Administrator will have to unlock the Student's account in order to allow them to re-access the Exam.
- Each instance of a Student getting locked out will be tracked and included in the Locked Users Report.

Path: Home > [Course Screen] > Assessment > Exams > Manage Exams
