Event/Long Event Signup

The **Signup** for an Event or a Long Event works in the same manner as the Lottery for a Course. Article on [Course Lottery](#)

1. **Add New:** create a new Signup
2. **Name:** Edit a recent Signup

Create your Events/Long Events first. Click here to learn how to [Add an Event](#) or [Add a Long Event](#). Before Elements can be added to the Signup for an Event or Long Event, the Events themselves must be created.

- The access to those Events or Long Events, in the Signup, will be limited to the Students who are enrolled in the Course itself.
- Leo assumes that if you are linking Events or Long Events to a Course, the attendees must be part of the Course to attend the Event.
- **NOTE:** If you do not want to limit the attendance to Students from a particular Course, then do not link the Event's Signup to a Course.

Path: Admin Toolbar > Course Management > Lotteries/Signups

The screenshot displays the Leo Admin interface. On the left, the 'COURSE MANAGEMENT' menu is expanded, and 'Lotteries/Sign Ups' is selected. The main content area is titled 'Lotteries/Sign Ups | Open Lottery/Sign Up Report'. A dropdown menu is open over the 'Add New' button, showing options: Refresh, All, Open, Preview, Finalized, and Deleted. The table below lists various signups with columns: Name, Status, Link Type, Opens, and Closes.
