How to Add your OwlMed Calendar Feed (Public) Google, Apple, Outlook, iOS options

- **Public subscriptions** are convenient because they can update your Calendar.
- There is no password protection; your Calendar information is technically open to the public.
- To access your Calendar, other Users must know the specific URL, so your personal information is still protected.

The screenshot shows the 'Profile Manager' interface for 'Personal Settings for Will Bertson'. The page includes a navigation bar with links like 'Alt. IDs', 'Groups', 'Courses', 'Change Password', 'Devices', 'Evaluations', and 'Attendance'. The main content area contains a profile picture of a man in a white lab coat, a 'Click to upload a new picture' link, and several settings: 'User Name: Will Bertson', 'Pronouns: they/them/theirs', 'Default Calendar View: Weekly', 'Hide Calendar Document List' (checkbox), 'Higher-Contrast Page Elements' (checkbox), 'Default School Year View', 'Security Level: 10', 'Show Only Enrolled Courses: Yes', 'Show Weekends: No', 'CalDav Server Address: http://demo.lcmsplus.com/lcms/calDav/index.php/Demo/principals/newdemostudent/', 'ICS URL: http://demo.lcmsplus.com/lcms/calDav/index.php/Demo/calendars/newdemostudent/default?export', 'Enable Public Calendar Feed: Yes', 'My Time Zone: America/New_York [-5.0]', and 'Display calendar events using: My Time Zone'. A 'Save Profile' button is at the bottom.

From the Edit Profile page:

- Copy the ICS URL link.
- Set Enable Public Calendar Feed field to Yes.
- Click Save Profile button.

For faculty, the calendar feed includes all events for which that faculty member is listed as an instructor. For students, the calendar feed includes all of the events for which that student is enrolled.
