OwlMed: Event Screen Overview

Jeff Clark - 2025-07-29 - [OwlMed and Canvas](#)

Event Screen Overview in OwlMed

- The Event Screen is the central portal for all things related to an event.
- This is also where students and faculty can view the basic information for an event.
- Students can view and download event materials, announcements, discussion boards, etc.

The screenshot displays the OwlMed interface. At the top, there's a navigation bar with 'LCMS Plus', 'Calendar', 'Courses', and 'Search'. Below this, a date selector shows 'Wed, 11/01/17' with options for 'day', 'week', 'month', and 'list'. A filter bar indicates 'Filter: Enrolled' and 'clear filter'. The main calendar view shows a grid with three events highlighted in purple: '9:00 - 10:00 Pharmacology and Mechanisms of Action of GPCR I', '10:00 - 11:00 Pharmacology and Mechanisms of Action of GPCR II', and '11:00 - 12:00 Pharmacology and Mechanisms of Action of GPCR - Workshop'. A yellow arrow points to the first event. On the right, a 'Documents' sidebar lists related materials: 'Pharmacology and Mechanisms of Action of GPCR I', 'Pharmacology and Mechanisms of Action of GPCR - Workshop', 'Pharm_Workshop_Guide', and 'Micro Lab'.

From the calendar, click on the event that you want to explore in more detail.

The Event Screen

These are the three main components for the Event Screen

1. **Event Screen Menu**
2. **Event Content Area**
3. **Related Materials**

NOTE: Depending on your role (e.g. student, faculty, staff and your enrollment in the event) you may see different options on the Event Screen Menu.
