OwlMed: PET - How to find out if and when a particular diagnosis was added to your log

Marcelle Gornitsky - 2025-07-31 - OwlMed and Canvas

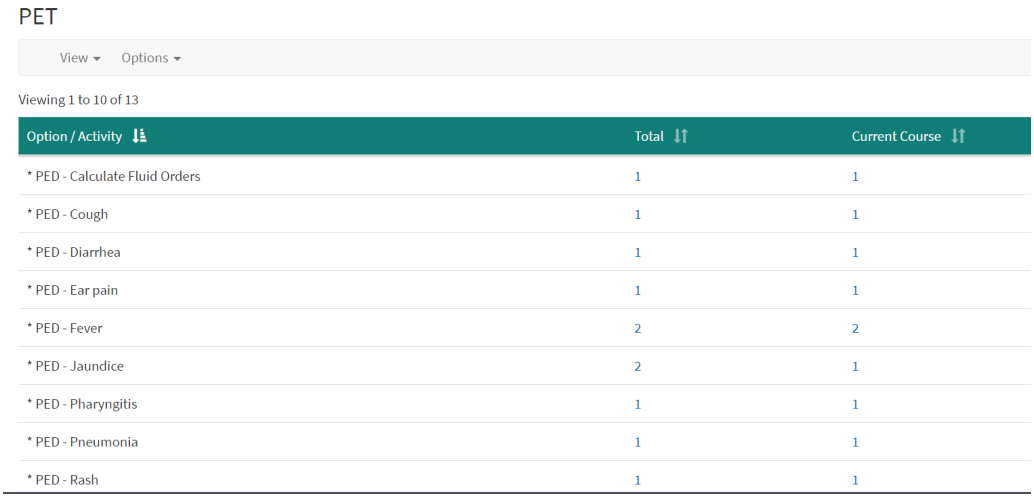

How to find out if and when a particular diagnosis was added to PET logs

---

1. On the PET Manager Screen for the course/clerkship you have selected, you have the ability to view a list of Diagnoses by Selecting **Options>Diagnoses**

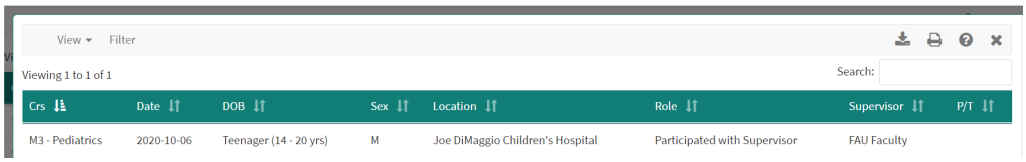

2. This is bring up a list of diagnoses, with a column for overall Total and Total for the Current course. If you would like to see when the diagnosis was logged, click on the number.

Option / Activity	Total	Current Course
* PED - Calculate Fluid Orders	1	1
* PED - Cough	1	1
* PED - Diarrhea	1	1
* PED - Ear pain	1	1
* PED - Fever	2	2
* PED - Jaundice	2	1
* PED - Pharyngitis	1	1
* PED - Pneumonia	1	1
* PED - Rash	1	1

3. This will bring up the PET entry/entries, which includes a summary of the entry, including the date.
