Connect to FAU Wifi (wireless) network

Jeff Clark - 2025-08-05 - Network and Connectivity

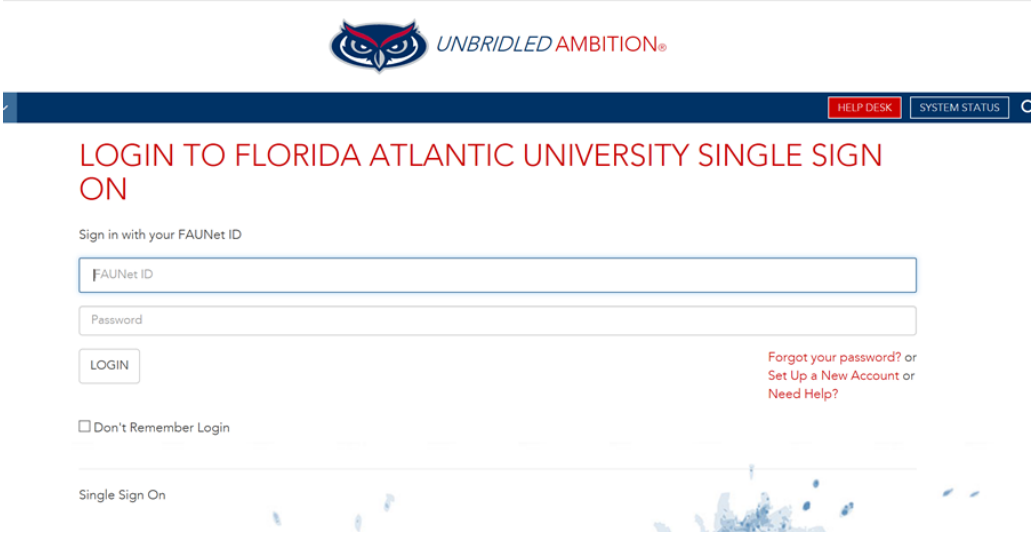

Connect to the FAU Wireless Network

Register your Device

1. Connect to the fau wireless network from your wireless device (e.g., laptop or mobile device).

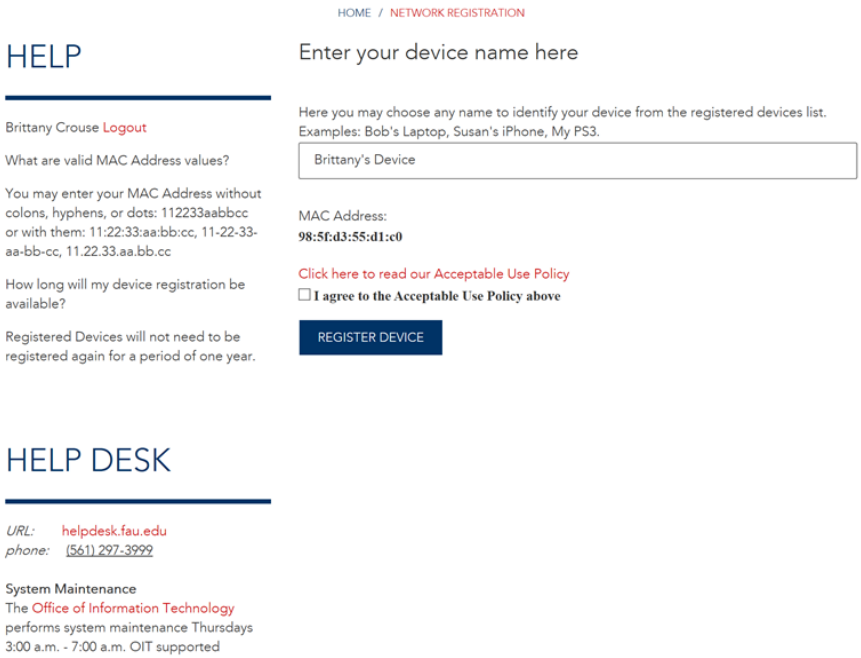

2. The first time you open up a browser you will be redirected to the **FAUNet ID Central Authentication Service**.

3. Enter your **FAUNet ID** and **password** then click **LOGIN**.

4. Enter a **name for your device** (ex: Joe's laptop). The MAC address should automatically appear in the box.

5. **Accept** the Use Policy and then click **Register Device**.

6. Authentication Successful! ** **Very Important**** Please wait a couple of minutes for settings to take effect or restart your computing device.

7. After your device has received its new network setting you should be able to browse the Internet without being prompted to log in.

Windows 10/11 Instructions

1. Left Click on the icon that represents your wireless network

2. Select **eduroam** and click "**Connect**".

3. After clicking on the "**Connect**", you will need to enter your **FAUNet Id** and **password**.

4. You are now connected to eduroam and you may begin to browse.

Mac OS Instructions

1. Click on the Wireless icon in the menu bar, and select "**eduroam**."
2. Enter you **FAUNet ID** and **password** in the credential window.
3. Click **Join**
4. You are now connected to **EDUROAM**.
