

Event Screen Overview

Marcelle Gornitsky - 2018-03-06 - OwlMed and Canvas

Event Screen Overview

- The Event Screen is the central portal for all things related to an event.
- This is also where students and faculty can view the basic information for an event.
- Students can view and download event materials, announcements, discussion boards, etc.

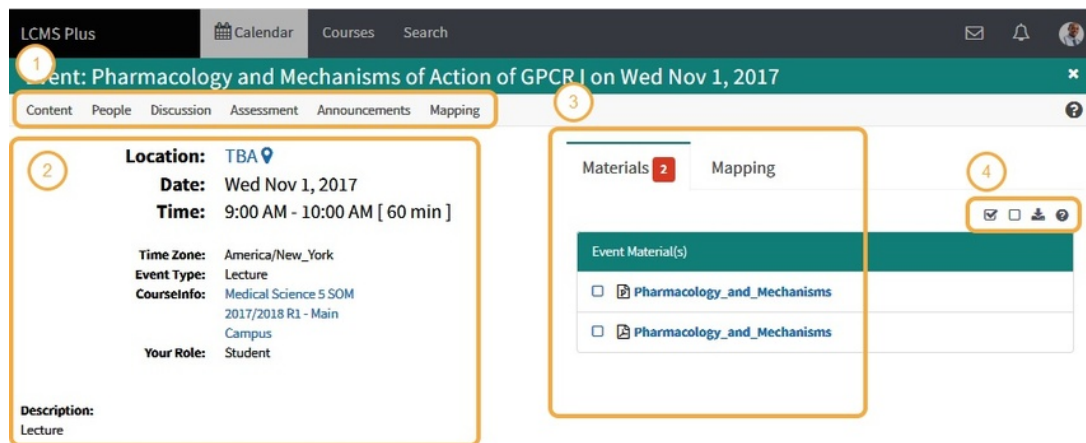

The screenshot displays the LCMS Plus interface. At the top, there's a navigation bar with 'LCMS Plus', 'Calendar', 'Courses', and 'Search'. Below this, a date selector shows 'Wed, 11/01/17'. A filter bar indicates 'Filter: Enrolled' with a 'clear filter' button. The main calendar view shows a grid for 'W44' with 'Long Events'. A yellow box highlights the 9am-10am slot, and an orange arrow points to it. The right sidebar, titled 'Documents', lists several documents: 'Pharmacology and Mechanisms of Action of GPCR I', 'Pharmacology and Mechanisms of Action of GPCR - Workshop', 'Pharm_Workshop_Guide', and 'Micro Lab'.

From the calendar, click on the event that you want to explore in more detail.

Event Screen

These are the main four components for the Event Screen

1. Event Screen Menu
2. Event information
3. Event Materials and Mapping
4. Event Materials Download Tools

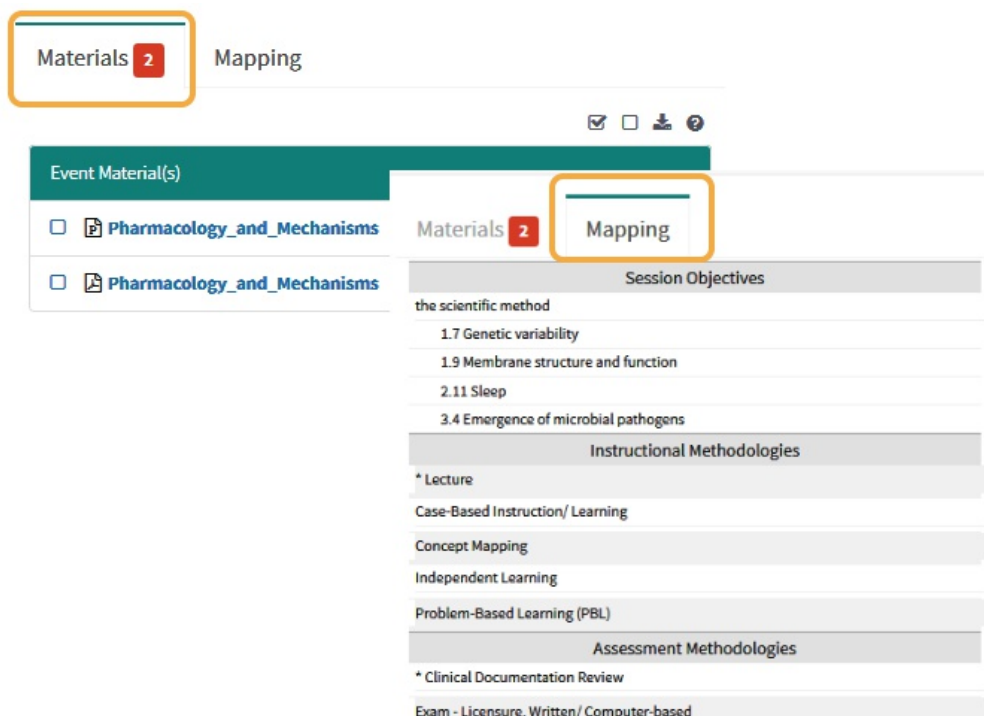

Event Screen Menu (1)

Event Information (2)

This includes the location, date range, time, event type, and a short description of the event.

Event Materials and Mapping Tabs (3)

- The information displayed is conveniently organized by category.
- The **Materials** tab shows the documents that are available to students to download for this event.
- The **Mapping** tab shows a detailed report of how the content in this event has been mapped to objectives, competencies, clinical procedures and more.

Event Material Download Tools (4)

Conveniently download an event's materials in a .ZIP file.
