# How to Create a Live Interactive Quiz Using Microsoft Forms

Samantha Starr - 2025-01-30 - Instructional Resources

## How to Create a Live Interactive Quiz Using

### **Microsoft Forms**

Forms

Follow these steps to create an engaging, live interactive polling quiz:

#### 1. Access Microsoft Forms

- Go to https://forms.office.com.
- Sign in with your Microsoft account.

#### 2. Create a New Quiz

- Click on New Quiz.
- Enter a title.

#### 3. Add Questions

- Click on Add new question.
- Choose the type of question (e.g., Choice, Text, Rating).
- Enter your question and options.

• To indicate the correct answer, click on the checkmark next to the correct option.

#### 4. Add Sections Between Questions (this will allow questions to be displayed individually)

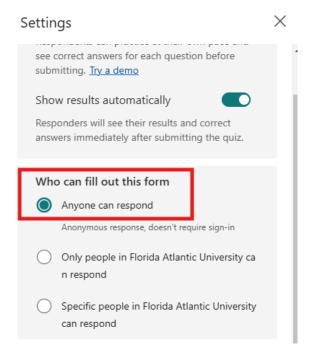

- Click on Add new.
- Choose **Section**.
- $\bullet~$  Enter a section title and description. (Usually "Question  $\#\_$ ")

#### 5. Change Access Settings

- Select **Settings**.
- Under Who can fill out this form, choose Anyone with the link can respond.

#### 6. Present Your Quiz Live

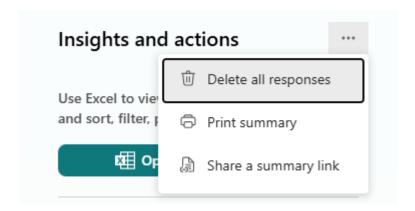

- $\bullet \;\; \mbox{Click}$  on the  $\mbox{\bf Present}$  icon in the top right corner.
- Display the QR code or share the URL link with your in-person or virtual audience.

- $\bullet\,$  To show the correct answers after the quiz, toggle the  ${\bf Show}$   ${\bf results}$  automatically option.
- $\bullet\,$  Once participants submit their responses, you will be able to view results.

#### 7. Delete All Responses Between Sessions

- $\bullet \;$  Go to the  $\bf View \; Responses \; tab.$
- Click on **More options** (three dots).
- Select **Delete all responses**.

**Reminder:** Deleting all responses ensures that each session starts with a clean slate.
