Install Crashplan Backup

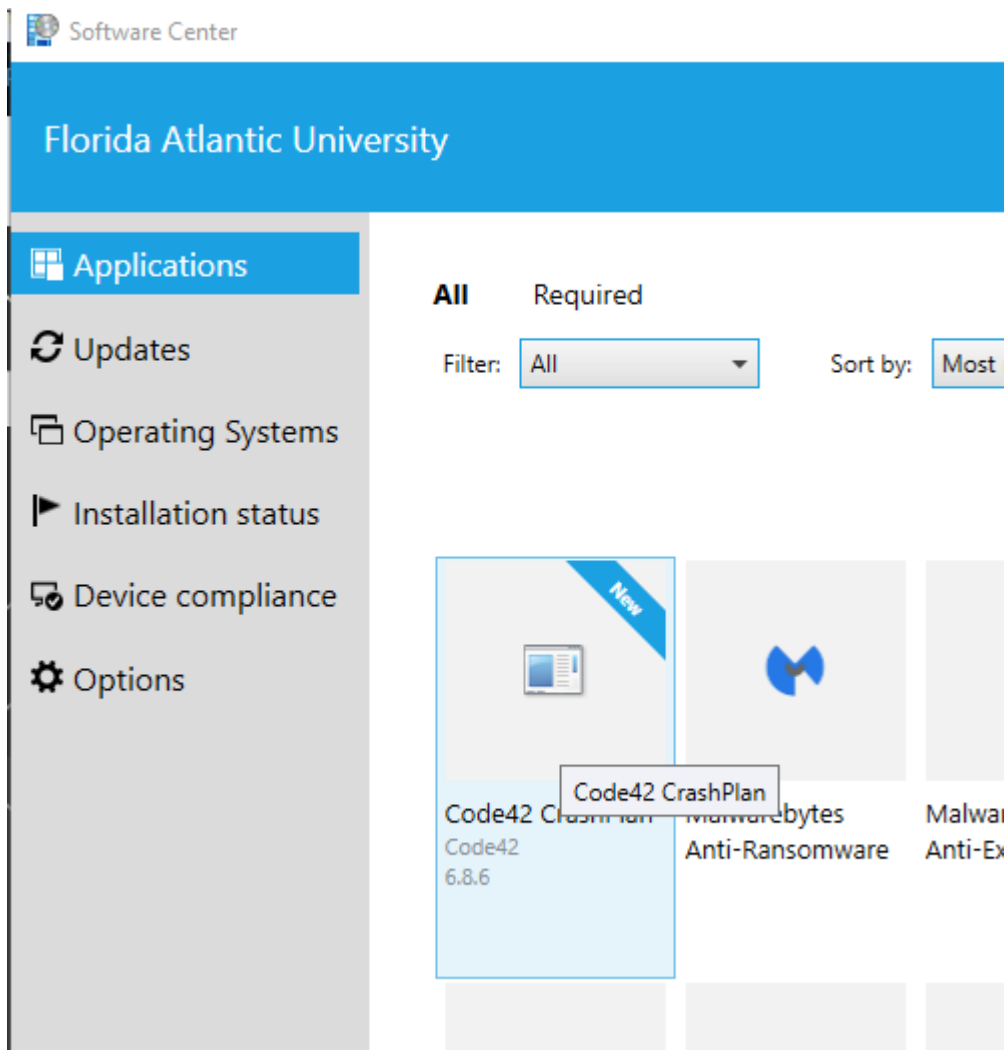

Andres Carrasquillo - 2021-09-10 - Software

Install Crashplan Backup

1. Search your computer for Software Center

2. Select Code42 CrashPlan

3. Install software

Code42 CrashPlan

Published by Code42

Install

Data Backup Software

Status: Available

Version: 6.8.6

Date published: Not specified

Restart required: Might be required

Download size: 139 MB

Estimated time: Not specified

Total components: 1

Date Modified: 2/25/2019

4. Input Username & Server Address

Username: yourNetID@health.fau.edu

Server Address: combackup.fau.edu:4282

File Edit View Tools Help

Sign in to Code42

Username

Server Address

Continue

[Sign up for an account](#)

5. Input password: Same password as your computer.

Code42

CODE42

Sign in to Code42

Username
[redacted]@health.fau.edu

Password is required.

Server Address
combackup.fau.edu:4282

Continue

Back

6. Select 'Add New Device'

Looks like this device has never backed up

Are you adding a new device or replacing an existing device?

Add New Device

Replace Existing

7. The program will ask if you are sure about adding a new device, **click** 'Yes'

8. You can then **dismiss** any pop-ups and **close** out of the program; it will automatically backup in the background.

Thank you!
