### Event/Long Event Signup

The **Signup** for an Event or a Long Event works in the same manner as the Lottery for a Course. Article on [Course Lottery](#)

1. **Add New:** create a new Signup
2. **Name:** Edit a recent Signup

Create your Events/Long Events first. Click here to learn how to [Add an Event](#) or [Add a Long Event](#). Before Elements can be added to the Signup for an Event or Long Event, the Events themselves must be created.

- The access to those Events or Long Events, in the Signup, will be limited to the Students who are enrolled in the Course itself.
- Leo assumes that if you are linking Events or Long Events to a Course, the attendees must be part of the Course to attend the Event.
- **NOTE:** If you do not want to limit the attendance to Students from a particular Course, then do not link the Event's Signup to a Course.

**Path: Admin Toolbar > Course Management > Lotteries/Signups**

The screenshot shows the Leo system interface. The left sidebar has 'COURSE MANAGEMENT' expanded, with 'Lotteries/Sign Ups' selected. The main content area is titled 'Lotteries/Sign Ups | Open Lottery/Sign Up Report'. A table lists various signups with columns for Name, Status, Link Type, Opens, and Closes. The 'Add New' button is circled in orange, and the 'Cycle Three' row is also circled in orange.
