## Remote Desktop to Windows from MAC

Olivia Lee - 2024-10-31 - Software

**Remote Desktop to Windows from MAC** 

Once connected to the VPN via Forticlient VPN, then you can follow the steps below to remote to your desktop computer.

(1) To remote into your work computer, please go to your App Store (on your Mac) and download **Windows App**.

(2) Once you confirm it's downloaded, you can open Windows App and select Add PC.

•••	)			Microsoft Re	mote Desktop
