

Zoom Q & A

Luis Norda - 2024-01-31 - Zoom

Basic information

The Q&A feature allows participants to ask questions during a Zoom meeting.

The host and co-host(s) can answer the questions either privately, publicly, or mark them as something to be answered live.

After the meeting has ended, a Q&A report can be generated for further analysis.

Q&A is also available for use in Webinars

Scheduling a meeting with Q&A

Sign in to the Zoom web portal.

In the navigation menu, click **Meetings**.

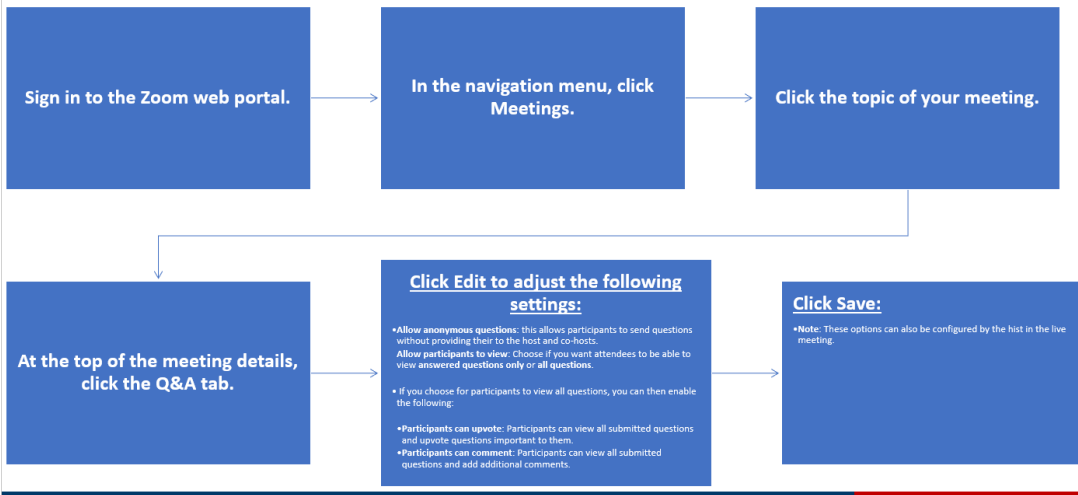

Choose to edit an existing meeting or schedule a new meeting.

Under **Meeting Options**, select the check box to enable **Q&A**.

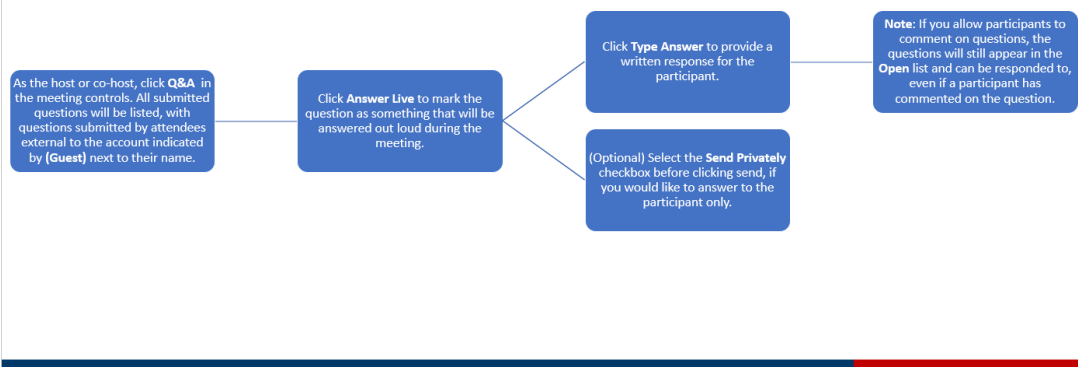

• **Note:** If the option is missing, please contact the COM-IT

Click **Schedule**

Edit Q&A options
