7/14/26: FAU Shortcut Links Down

2026-07-14 - Christine Clevenger - General

We are currently experiencing an issue with links.fau.edu, the service that powers FAU's custom shortcut URLs. As a result, **any FAU shortcut link that uses the links.fau.edu domain will not work at this time**. OIT is actively working to restore service as quickly as possible. We apologize for the inconvenience and will provide updates as they become available.

Updates here: Service Disruption: FAU Shortcut Links | OIT Status
